

## EMP Brakes TS

The most popular range of MEROBEL's EMP Brakes, offering tailored solutions for every needs from its 10 sizes and up to 5 different version (acceptable power dissipation level) for each size.

Especially designed to be easily fitted on equipments such as Converting, Printing, Wire & cable, and Packaging machines. Cost effective solution for variable torque simulation systems (automotive and aeronautics test rigs).

Torque [Nm]	Size	Rated Power [W]					
		FAT	FRAT	FVAT	FRAT+VR	FRATO	FRATOR
2	20	40	60				
5	50	70	100				
12	120	65	130		650	120	
35	350	100	200	500	1000	700	
65	650	125	250	700	1300	1000	
120	1200	275	550	1300	1900		
200	2002	400	750	1500	2000	2100	
350	3500	500	900		2500		
500	5001	1100	2200		5200	3500	7000
1000	10001	2000	4000		9300	6500	12000
